THE COMET'S FREE SCHOLARSHIP

To the Most Popular Schoolgirl in the First Congressional District.

THE COMET has arranged to send a young lady to the Southern Female Institute at Florence, Ala., for one year, or two terms, beginning September 15, 1892, and pay all expenses while there, including tuition, board, room, fuel, light, servant, etc. In order to select the most popular school-girl in the First District THE COMET will allow the people to decide. This coupon will be published daily and will entitle the voter to vote for any white girl in the District.

This offer is a valuable one in any sense, as it will save the successful lady at least two hundred dollars, and give her a year's course in one of the best colleges in the South. A correct picture of the main building appears above, and some idea of its magnificence can be had when it is known it cost \$80,000.

The vote will be published every Sunday, and coupons must be cut from THE COMET.

The contest will close August 1, in order that the fortunate young lady may have ample time to prepare for the trip.

Cut out this coupon, write the name of your favorite and post office address plainly, and send or bring to The Comet office.

THE NORTH AMERICAN REVIEW. 3 East 14th St., New York.

I knew there were enormous deposits of a great belt of iron ore—running from the north east to the southwest across the Southern States of America. But the only people I knew in the iron trade were connected with the Pittsburgh district, and they always threw cold water on the thing. I had seen the analysis of all that came from that district, and I was satisfied that it was as good as any they were using in Pittsburgh; but having seen the analysis, I felt desirous of seeing the ore and judging for myself. I am glad to say that the analysis which have been constantly sent over by our manager prove to my mind that we are a fortunate people in having a great mass of ore which will make Bessemer pigs—Director Daigleish, of the Embreyville Freehold, Land Iron and Railway Company, at a recent meeting of stockholders held in London.
